Software License Policy

Salem Academy and College prohibits the installation and use of software that violates copyright laws or does not comply with current licensing agreements. Illegal software can expose Salem to litigation and fines. Therefore, Information Technology will only install and support software that is properly licensed to Salem Academy and College and reserves the right to remove any software that is not in compliance with this policy. To ensure proper software support, individual users should not install any software, even if legal, without first consulting with Information Technology personnel. The disciplinary action process set forth in the Electronic Resources and Computer Lab Usage Policy will be followed for violations of this policy.
