

# Undergraduate Academic Petition to Move to the General Education Catalog (UG 24)

By submitting this academic petition, I acknowledge that I have reviewed the general education requirements for the UG 2024 catalog and compared them to my current general education catalog requirements. I have discussed them with my academic advisor. Together, we have decided that it will be in my best interest to move to the UG 24 catalog. According to college policy, once I move to the new catalog, I will not be allowed to move back. I will be notified of the outcome of my petition via Salem email by the Registrar's Office within five business days of their receipt of this petition.
